CC Docket No. 02-33

TrioTel Communications, Inc. ("Company") hereby provides notice that it intends to cease offering Wireline Broadband Internet Access Service (WBIAS) on a tariffed basis under NECA Tariff No. 5. Effective July 1, 2020, the Company will begin offering WBIAS on a Title II, common carriage, permissive detariffed basis pursuant to paragraph 94 of the Federal Communications Commission's Wireline Broadband Order.¹ The geographic areas affected by the change are the Company's exchanges in its service area in South Dakota.

Today, the only customer for this service is the Company's nonregulated Internet Service Provider ("ISP") affiliate. The ISP purchases wireline broadband access service for use as a component in its broadband Internet service sold to residential and business customers. The discontinuance of the tariffed offering of WBIAS will have no effect on the end user service provided by the affiliate.

Effective July 1, 2020, the Company will make its wireline broadband Internet access service available on a permissive detariffed, common carriage basis through posting of rates, terms and conditions on its website and in printed copy during normal business hours at the Company's business office.

Re: CC Docket 02-33 – Notice of Permissive Detariffing of Wireline Broadband Internet Access Service by TrioTel Communications, Inc. Effective July 1, 2020

Dear Valued ISP Customer:

This is to notify you of a change in the way TrioTel Communications, Inc., ("Company") provides broadband Internet access transmission service, which is used as an input for the broadband Internet access services that you offer to residential and business end-user customers.

You are currently purchasing wholesale broadband transport service from our Company under NECA tariff No. 5 ("Tariff"). This letter is to advise you that the Company, Study Area 391669, will discontinue provisioning service on July 1, 2020, pursuant to the Tariff. Services will be made available to you on a common carrier, non-tariffed basis. The existing relevant rates, terms, and conditions will not change until at least the end of your present service arrangement.

Effective July 1, 2020, the rates, terms, and conditions will be available in printed copy during normal business hours at the Company's business office.

The actions described above are taken in accordance with the FCC's Report and Order (FCC 05-150) released September 23, 2005, in Docket No. 02-33. In this order the FCC determined that facilities-based wireline broadband Internet service providers could offer their services on a common carrier, permissively detariffed basis.

No action is necessary on your part. However, if you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "BKR", is written over a horizontal line.
