Re: Docket Filing TC21-001
SDTA Motion to Compel and Procedural Schedule

Dear Ms. Van Gerpen;

SDTA filed a Motion to Compel with the Commission on August 27, 2021. Since that time, LTD either produced all requested materials or confirmed that it does not have the requested materials. As such, SDTA's Motion to Compel is moot. With this correspondence, SDTA withdraws its Motion to Compel as no Commission action is necessary.

As to the scheduling issue also noticed for the September 14, 2021, Commission meeting, SDTA proposed the following dates and process to the parties:

- SDTA does not have additional discovery questions. Its final set was served on August 27, 2021.
- Assuming we do not have an additional discovery dispute, SDTA will have pre-filed testimony prepared by October 25, 2021. SDTA's expert is out of the country Oct 4 – 14, 2021.
- The parties previously spoke about allowing 2 weeks for rebuttal. SDTA remains agreeable to this.
- I perceive the remainder of the schedule is dependent upon the Commission's schedule.
- LTD previously suggested a meet and confer prior to the filing of prefiled testimony. SDTA agrees to such a meeting if it is still desired by LTD.

I look forward to answering any questions the Commissioners may have at the September 14, 2021, noticed meeting.

Sincerely,

Kara Semmler
