**RE: In the Matter of Amending Midcontinent Communications Waiver Request for
Number Block Release
Docket No. TC21-020**

Dear Ms. Van Gerpen:

Midco respectfully requests to amend the initial filing in Docket No. TC21-020 to reflect the following information.

Midco is requesting a waiver of the utilization threshold requirements to allow PA/Somos to assign a new Code of 1,000 numbers to fulfill a customer request instead of 2,000 numbers. The initial order for numbering resources requested two possible assignment preferences which was then misinterpreted as the amount requested of 2,000. An updated order for numbering resources requested only one block which mirrors the Customer's request.

Should you have any questions, please contact me via e-mail at Pat.Mastel@Midco.com or by phone at (605) 271-0594.

Respectfully,
