

3. Wireless towers portrayed in attachment 1-10 - Coverage area, speeds, customers signed up, marketing plan:
  - a. Number of Living Units wireless and number of Living Units wireline
  - b. Marketing plans to ensure newly enabled customers are aware service is available in areas built
  - c. Number of towers up and operating and whether customers have signed up for service

**Response:**

See Confidential Attachment 3 for the coverage map. The Fixed Wireless Access (FWA) service is currently 10Mbps down / 1Mbps up.

- a. FCC Target fulfillment after all build completes:  
  
Wireline LUs: 14,178  
Wireless LUs: 893
- b. Fixed Wireless marketing will commence with advertisement once all nine towers are built and online. We plan to have a contracted company have a door-to-door salesperson take orders and then follow up with an install crew.
- c. Nine towers planned to be up by beginning of October 2021. Currently, as of August 6, 2021, six of the nine towers are active. There are currently no customers on these six towers.

Dated this 11th day of August, 2021.
