For your information Reconciliation of BCM

December 18, 2020

TO: General, billing, payable and invoice contacts at CL pool members

USAC is implementing a new annual process at the FCC's direction that will reconcile budget control mechanism amounts withheld to actual support paid, rather than the projection amounts on which BCM is initially calculated. The reconciliation will impact November support paid in December each year.

This year's reconciliation will cover the 2019/2020 program year and will be reflected on your next NECA statement as an adjustment. Most companies will see only minor adjustments, but a few will see larger impacts. Your member service team will reach out if you are among those companies with a larger impact.

Questions?

Please contact your member service manager.

Sincerely,

Jeffrey Phillips
