<b>UNIVERSAL SERVICE SUPPORT (STUDY</b>	)	
<b>AREAS: 391405, 391642 AND 391657)</b>	)	

On June 25, 2021, the South Dakota Public Utilities Commission (Commission) received a filing from Alliance Communications Cooperative, Inc. (Company) regarding its request for certification regarding its use of federal universal service support. The purpose of this filing was to provide information constituting the Company's plan for the use of its federal universal service support and to otherwise verify that the Company will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. Pursuant to 47 C.F.R. § 54.314(a), in order for an eligible telecommunications carrier (ETC) to receive support pursuant to the Federal Communications Commission's (FCC's) high-cost program, a state must file an annual certification with the Universal Service Administrative Company (USAC) and the FCC stating that all federal high-cost support provided to the ETC "was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended."

On July 1, 2021, the Commission electronically transmitted notice of the filing and the intervention deadline of July 16, 2021, to interested individuals and entities on the Commission's PUC Weekly Filings electronic listserv. No parties sought intervention. On July 9, 2021, the Company responded to Commission staff's data request.

The Commission has jurisdiction over this matter pursuant to SDCL Chapter 49-31 and 47 U.S.C. § 254.

At its regularly scheduled meeting of July 22, 2021, the Commission considered this matter. The Commission finds that the Company is eligible to receive federal support. The Commission finds that all federal high-cost support provided to the Company was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The Commission unanimously voted to approve the Company's request for certification. It is therefore

ORDERED, that the Company is eligible to receive federal support as all federal high-cost support provided to the Company was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is further

ORDERED, that the Commission hereby approves the Company's request for certification.

Dated at Pierre, South Dakota, this 20<sup>th</sup> day of July 2021.
