**RE: Impact Telecom, LLC**  
**Application for Certificate of Authority to Provide Interexchange Services**  
**Response to SDTA Petition to Intervene**  
**Docket TC23-051**

Dear Ms. Van Gerpen:

Regarding the SDTA Petition to Intervene, Impact Telecom, LLC ("Company") states that while the docket states that the Application is for "...Certificates of Authority to Provide Local Exchange and Interexchange Telecommunications Services in the State of South Dakota", the Application provided is for interexchange authority only. As stated in the Application, filed pursuant to Rule 20:10:24:02, the Company intends to provide wholesale interexchange telecommunications services to other carriers. Unfortunately, the transmittal that accompanied the Application incorrectly stated that the Application was for local and interexchange authority.
