**JOINT STIPULATION**

The parties in the above captioned proceeding, the South Dakota Telecommunications Association (“SDTA”) and Ubiquity South Dakota, LLC (“Ubiquity”) (collectively, the “Parties”), through their respective counsel, submit this Joint Stipulation as a resolution of SDTA’s concerns related to the Ubiquity Application for a Certificate of Authority (the “COA Application”). Through execution of this document, each of the parties agrees:

1. Ubiquity filed a statewide COA Application with this Commission on April 26, 2024.
2. Ubiquity agrees that if the SD Public Utilities Commission grants it a COA, the COA should be limited based upon the agreed upon terms listed in Paragraph 4 below.
3. SDTA agrees upon the Commission’s approval of this Stipulation, and incorporation of the terms listed in Paragraph 4 below into a Commission Order, that the basis for its intervention in the above-referenced dockets shall be deemed fully satisfied, and SDTA shall not oppose Ubiquity’s COA Application.
4. The Parties agreed upon terms are as follows:
  - a. The Certificate of Authority, if granted by the Commission, should not permit Ubiquity or any of its affiliates (that have not first received a local exchange certification from the Commission) to provide any telephone exchange services or switched access services within Rural Telephone Company service areas. For purposes of this Joint Stipulation, “Rural Telephone Company” shall be defined as in 47 U.S.C. §153(44)

- b. In the future, if Ubiquity intends to provide telephone exchange services or switched access services within any area served by a Rural Telephone Company, Ubiquity understands that it is required to come before the Commission in another proceeding. Pursuant to 47 U.S.C. § 253(f) the Commission may require a company to meet the requirements in 47 U.S.C. § 214(e)(1) before providing services in a Rural Telephone Company service area.
- c. The parties agree that if the Commission grant certification to Ubiquity according to these conditions, the exemptions, suspensions, and modifications for rural telephone companies found in 47 U.S.C. § 251(f) are not impacted.
