CHAIRMAN SAHR: In the matter of the

petitions for suspension or modification of

47 U.S.C. Section 251(b)(2) of the Communications

Act of 1934 as amended in Dockets TC04-038, 044,

045, 046, 047, 048, 049, 050, 052, 054, 055, 056,

060, and 061.

And the question today is shall the Commission grant Western Wireless's petitions to reconsider Final Decision and Order.

The parties have had an opportunity to make oral arguments in this matter as well as final -- and at this point in time I would just see if the Commissioners or advisers have any additional questions.

MR. SMITH: I don't have a question, but I have a comment. I just wanted to remind the Commission of the information that I provided at the last meeting, which was that there were a couple of paragraphs that I inadvertently deleted somehow in getting the orders printed out, and I would ask that the Commission correct those typing errors that I made.

COMMISSIONER BURG: So that nobody thinks we have an incompetent attorney, I would make the motion.

MR. SMITH: I freely admit my typing skills are not very good.

CHAIRMAN SAHR: Should we clean that language up?

 $$\operatorname{MR.\ SMITH:}\ I$$ would. Those were supposed to be in there.

CHAIRMAN SAHR: Let's do that. And I'm going to apologize. This is a little bit lengthy, and with the other lengthy motions we had this morning, if anyone wants an actual hardcopy of those or an e-mail copy, we can handle those requests so just call us on our 800 number, (800) 332-1782, or if you are here in the building, just stop by the office and we'll get you a copy of those. I'm going to go ahead and read this, and it's about a page long so my apologies for the length.

I move that the Final Decision and Order in TCO4-054 in the matter of the petition of Interstate Telecommunications Cooperative, Inc. for suspension or modification of 47 U.S.C. Section 252(b)(2) of the Communications Act of 1934 as amended be amended by deleting the word "both" in the third sentence of the Finding of Fact 27 and inserting the following Finding of Fact which was

inadvertently deleted from the Order prior to issuance:

38A, We find that implementing LNP at this time could cost ITC or its users as much as 61 cents per line per month excluding transport and that the cost of transport if ultimately held to be ITC's responsibility, could raise that monthly cost substantially higher.

I further move that the Final Decision and Order in TCO4-060, In the matter of the petition of Venture Communications Cooperative for suspension or modification of 47 U.S.C. Section 251(b)(2) of the Communications Act of 1934 as amended be amended by deleting the word "both" in the third sentence of Finding of Fact 17 and inserting the following Finding of Fact which was inadvertently deleted from the order prior to issuance:

29A, We find that implementing LNP at this time could cost Venture or its users as much as 59 cents per line per month, excluding transport, and that the costs of transport if ultimately held to be Venture's responsibility, could raise that monthly cost substantially higher.

I further move that the Final Decision and Order in each of the following LNP suspension

dockets be amended by inserting the phrase "and its/their customers" at the end of the sentence in the specified paragraphs:

In TC04-038, Santel Communications Cooperative, Inc., Finding 48 and Conclusion 9; in TC04-044, Sioux Valley Telephone Company, Finding 47 and Conclusion 9; in TC04-045, Golden West Telecommunications Cooperative, Inc., Vivian Telephone Company, and Kadoka Telephone Company, Finding 47 and Conclusion 9; in TC04-046, Armour Independent Telephone Company, Bridgewater-Canistota Independent Telephone Company, and Union Telephone Company, Finding 48 and Conclusion 9; in TC04-047, Brookings Municipal Utilities doing business as Swiftel Communications, Finding 47 and Conclusion 9; in TC04-048, Beresford Municipal Telephone Company, Finding 46 and Conclusion 9; in TC04-049, McCook Cooperative Telephone Company, Finding 47 and Conclusion 9; in TC04-050, Valley Telecommunications Cooperative Association, Inc., Finding 49 and Conclusion 9; in TC04-052, Midstate Communications, Inc., Finding 47 and Conclusion 9; in TC04-054, Interstate Telecommunications Cooperative, Inc., Finding 56 and Conclusion 9; in TC04-055, Alliance

Communications Cooperative, Inc. and Splitrock
Properties, Inc., Finding 48 and Conclusion 9; in
TC04-056, RC Communications Inc. and Roberts County
Telephone Cooperative Association, Finding 47 and
Conclusion 9; in TC04-060, Venture Communications
Cooperative, Finding 47 and Conclusion 9; in
TC04-061, West River Cooperative Telephone Company,
Finding 48 and Conclusion 9.

And that ends the motions.

VICE CHAIR HANSON: Second.

COMMISSIONER BURG: I'll concur.

CHAIRMAN SAHR: And I should say,

John, I commend you for your excellent job, and

certainly considering the amount of paperwork, any

mistakes are completely understandable. So I'm

glad we got that cleaned up.

Now we do need to move to the overall question, and that is shall the Commission grant Western Wireless's petitions to reconsider Final Decision and Order.

And do we have a Motion?

I will go ahead then and move that we deny the Motion for reconsideration of the Final Decision and Order. And I think one of the main reasons in my mind is that we're looking at an original Order

or Orders that delayed review of this until

December 31, 2005. And a big part of that was the
hopes that we'd have some clarification from the

FCC or from the courts as to LNP obligations.

We've got some pending proceedings. We've got
cases on appeal. And I think we may get some
guidance before the end of 2005.

We also, I think, wanted to see the parties move forward and try to determine if they could come up with solutions to make LNP possible. And I'm assuming that that type of analysis is going forward and especially for the lower cost parties to the case that they are aggressively looking at trying to figure out ways to implement LNP without a Commission Order having to require it at this point in time.

And those factors really in my mind and with the additional fact that we have an implementation delay date that is -- and I only say this in terms of the perspective of how long the case to reconsider would take, is only a year out. I think at this time it's appropriate to deny the request, urge the parties to continue to move forward and find solutions and, you know, acknowledge that in most of these instances we're asking consumers to

bear a significant cost with the prospect of very few ports. VICE CHAIR HANSON: Second. COMMISSIONER BURG: I concur. I think looking and reviewing it again at this time $% \left(\frac{1}{2}\right) =\frac{1}{2}\left(\frac{1}{2}\right)$ it's premature. I think we're going to have plenty of opportunities to do that.
