<b>115 KV TRANSMISSION LINE )</b>	<b>EL08-010</b>

On April 2, 2008, East River Electric Power Cooperative, Inc. (East River) filed an Application for a Facility Permit to construct a 115 kV overhead electric transmission line which will allow Lake Region Electric Association to serve a pump station of the TransCanada Keystone Pipeline. The line will originate at Western Area Power Administration's Groton Substation located in the SW 1/4 of Section 18, Township 122 North, Range 60 West, Brown County, South Dakota, and run approximately 13 miles, terminating at a new East River substation adjacent to the pump station located in Section 17, Township 121 North, Range 59 West, Day County, South Dakota.

On April 3, 2008, the Commission electronically transmitted notice of the filing and the intervention deadline of June 2, 2008, to interested individuals and entities.

SDCL 49-41B-12 authorizes the Commission to assess a maximum fee not to exceed one-quarter of one percent of the first one hundred million dollars of estimated construction costs of the facility. However, the minimum total fee chargeable may not be less than eight thousand dollars. The fee shall be deposited in the South Dakota Public Utilities Commission's (SDPUC) regulatory assessment fee fund to defray Commission expenses incident to analyzing and ruling upon this type of filing.

The Commission asserts jurisdiction over this matter pursuant to SDCL Chapter 49-41B, specifically 49-41B-1, 49-41B-2, 49-41B-2.1, 49-41B-4, 49-41B-11, 49-41B-12, 49-41B-13, 49-41B-15, 49-41B-16, 49-41B-17, 49-41B-17.1, 49-41B-21, 49-41B-22, 49-41B-25, 49-41B-26, 49-41B-33, 49-41B-38, and ARSD Chapter 20:10:22.

On April 22, 2008, at its regularly scheduled meeting, the Commission, pursuant to SDCL 49-41B-12, unanimously voted to assess East River a filing fee of \$8,000, the minimum fee allowed by law.

The Commission considered the notification process for notifying landowners involved in this project. The Commission unanimously voted to approve the notification process that was proposed by Staff, finding that such procedure is sufficient to satisfy the notice requirement of SDCL 49-41B-15(3) and is prudent given the notice time constraints. Under this process, East River will obtain the lists of landowners of properties within one-half mile of the facility from the county director of equalization office for Brown and Day Counties. East River will submit this list to the Commission. The Commission will then send the Notice of Hearing to all landowners on the list. The Notice shall state that notice is being given to the landowner to whom notices of property tax assessments are sent and that it is the responsibility of the landowner receiving the notice to notify any co-owners of the property. It is therefore

ORDERED, that East River shall be assessed a filing fee not to exceed \$8,000. It is further

ORDERED, that the notification process for notifying landowners involved in this project as described above is hereby approved.

Dated at Pierre, South Dakota, this 29<sup>th</sup> day of April, 2008.
