REMEDATION COSTS)	

On October 30, 2018, the South Dakota Public Utilities Commission (Commission) received a filing from NorthWestern Corporation dba NorthWestern Energy (NorthWestern) for approval of its updated refund plan regarding the recovery of the Aberdeen, South Dakota, manufactured gas plant (MGP) site remediation costs. The purpose of this filing is to update the refund mechanism established in NG16-010 whereby NorthWestern credited customers for an over-collection related to MGP remediation allowed in docket NG11-003. Through the tracker established in NG16-010 and first 10 months of the tracker established in NG17-015, NorthWestern has refunded approximately \$6.1 million to customers with a balance of approximately \$1.3 million remaining in the tracker to be refunded. NorthWestern notes that actual remediation costs have come in lower than the amount recovered through the tracker. NorthWestern proposes to continue the refund plan for an additional 12 months at higher credit rates than are currently in effect. NorthWestern proposes a December 1, 2018, effective date for the new credit rates.

On November 1, 2018, the Commission electronically transmitted notice of the filing and the intervention deadline of November 16, 2018, to interested persons on the Commission's PUC Weekly Filings electronic listserv. No petitions to intervene or comments were filed.

The Commission has jurisdiction in this matter pursuant to SDCL Chapter 49-34A, specifically 49-34A-4, 49-34A-6, and 49-34A-8.

At its regularly scheduled meeting on November 27, 2018, the Commission considered this matter. Commission staff recommended approval of NorthWestern's refund plan with an effective date of December 1, 2018. The Commission voted unanimously to approve NorthWestern's refund plan effective December 1, 2018. It is therefore

ORDERED, that NorthWestern's refund plan is hereby approved and effective December 1, 2018.
