

Telecommunications Orders - Issued 1996

**BEFORE THE PUBLIC UTILITIES
COMMISSION
OF THE STATE OF SOUTH DAKOTA**

IN THE MATTER OF THE INVESTIGATION OF WHETHER SIOUX FALLS CABLE IS SUBJECT TO CERTIFICATION REQUIREMENTS)))	ORDER GRANTING REQUEST FOR INVESTIGATION TC96-105
---	-------------	---

On June 20, 1996, the Commission received a letter from U S WEST Communications, Inc. (U S WEST) and "various documents concerning the establishment of the EdNet by the Sioux Falls School District. From the documents, it is abundantly clear that what the school district wants constitutes a telecommunications service, and that the provider must, if not already a certificated provider, submit the necessary application and documentation for a certificate as required by SDCL § 49-31-3 and commission rules. Sioux Falls Cable...is the provider of the EdNet. To the best of U S WEST's knowledge and belief, Sioux Falls Cable has not sought the requisite commission certification. U S WEST has discussed the legal requirement with Sioux Falls Cable, but Sioux Falls Cable appears not inclined to comply with the statutory requirements. U S WEST requests that the commission, pursuant to its authority in SDCL § 49-13-5, conduct an inquiry into this matter. If the facts are as revealed in the attached documents, U S WEST would ask that the commission direct that Sioux Falls Cable comply with the requirements of SDCL § 49-31-3."

On June 27, 1996, the Commission electronically transmitted notice of the filing to interested individuals and entities. A regularly scheduled August 13, 1996, meeting, the Commission considered U S West's request for the Commission to open an investigation to determine if Sioux Falls Cable is subject to the certification requirements of the Commission.

The Commission finds that it has jurisdiction over this matter pursuant to SDCL Chapter 49- 31, specifically 49-31-3. The Commission believes there should be further investigation into this matter. It is therefore

ORDERED, that U S WEST's request for an investigation is granted to determine if Sioux Falls Cable is subject to the certification requirements of the Commission.

Dated at Pierre, South Dakota, this 21st day of August, 1996.
