<b>SUSPENSION AND MODIFICATION OF )</b>	
<b>DIALING PARITY )</b>	<b>TC99-043</b>

On April 21, 1999, Kennebec Telephone Company (Kennebec Telephone) filed with the Public Utilities Commission (Commission) for approval of its dialing parity implementation plan and, pursuant to ARSD 20:10:32:39 and 47 U.S.C. 251(f)(2), a petition for suspension and modification of the requirement for implementing intraLATA dialing parity until September 19, 1999. Kennebec Telephone has fewer than 2% of the nation's subscriber lines installed in the aggregate. Kennebec Telephone's implementation of intraLATA dialing parity in Kennebec and Presho is a part of its implementation of interLATA equal access for the Kennebec and Presho exchanges at the South Dakota Network switch in Sioux Falls. The implementation of Kennebec Telephone's dialing parity plan began before the FCC released its order in CC Docket No. 96-98, Order adopted March 19 and released March 23, 1999, FCC 99-54. Kennebec stated that "[t]o try to alter the plan already in process would be unduly economically burdensome, technically infeasible, and certainly not consistent with the public interest. Therefore, Kennebec Telephone Company seeks the suspension and modification to allow intraLATA dialing parity to be implemented according to the plan already in process."

The Commission requested comments on Kennebec Telephone's petition for suspension and modification. No parties opposed granting the petition and Commission Staff recommended granting the petition.

At its June 15, 1999, meeting, the Commission considered whether to grant the petition. The Commission has jurisdiction over this matter pursuant to SDCL 49-31-80 and 49-31-81, ARSD 20:10:32:39, and the federal Telecommunications Act of 1996, specifically §§ 251 and 252. The Commission voted unanimously to grant the petition for suspension and modification of the requirement for implementing intraLATA dialing parity until September 19, 1999. The Commission finds, pursuant to SDCL 49-31-81 and section 251(f)(2), that the suspension and modification is necessary to avoid imposing a requirement that is unduly economically burdensome and technically infeasible since Kennebec Telephone is already in the process of implementing intraLATA and interLATA dialing parity. The Commission further finds that the suspension and modification is consistent with the public interest, convenience and necessity. In making this determination, the Commission notes that the suspension and modification is for a short time period. It is therefore

ORDERED, that Kennebec Telephone's petition for suspension and modification of the requirement for implementing intraLATA dialing parity until September 19, 1999, is granted.

Dated at Pierre, South Dakota, this 22nd day of June, 1999.
