Faith claimed that, at present, not all of the necessary transport arrangements are in place with wireless carriers and VoIP providers to properly route calls to ported local numbers. Faith also requested immediate temporary suspension of the Section 251(b)(2) requirement pending this Commission's consideration of this request. Faith respectively requested that the Commission: (A) Issue an interim order by no later than May 8, 2008, which would suspend intermodal LNP implementation pending the issuance of a final order on the separate requests for suspension and modification of the LNP requirements that are presented herein; (B) Issue a final order granting a temporary suspension of the present LNP implementation deadline of May 8, 2008, as requested herein; (C) Issue a final order granting a modification of intermodal LNP such that Faith will not be required to pay the costs associated with transporting traffic beyond is established local calling areas to numbers that have been ported to other carriers; and (D) Grant Faith such other and further relief as the Commission may deem proper.

On February 14, 2008, the Commission electronically transmitted notice of the filing and the intervention deadline of February 29, 2008, to interested individuals and entities. On February 29, 2008, the Commission received Petitions to Intervene from the following companies:
