

**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF SOUTH DAKOTA**

IN THE MATTER OF THE REQUEST OF)	ORDER GRANTING WAIVER
CITIZENS TELECOMMUNICATIONS COMPANY)	AND CERTIFICATION
OF MINNESOTA, LLC FOR CERTIFICATION)	
REGARDING ITS USE OF FEDERAL UNIVERSAL)	TC10-064
SERVICE SUPPORT)	

On May 28, 2010, Citizens Telecommunications Company of Minnesota, LLC (Citizens) filed for a permanent waiver of the Public Utilities Commission's (Commission) ETC filing requirements pursuant to ARSD Section 20:10:32:56, on the grounds that the reporting requirements in support of ETC certification are unduly burdensome and unnecessary. Citizens' study area consists primarily of a geographic area contained within the state of Minnesota. Citizens' service area in South Dakota consists of the West Jasper exchange. West Jasper is the rural portion of an exchange where the large portion of the exchange and the central office is located in Minnesota. Citizens has no wire centers in South Dakota. For companies such as Citizens which have a very small portion of its overall study area in South Dakota, Citizens states that the requirement of certifying the use of universal service fund monies in accordance with the requirements of ARSD sections 20:10:32:52 through 20:10:32:54 is unduly burdensome and unnecessary for the Commission to certify that Citizens is using federal high cost support for its intended purposes. Because its study area is largely contained within the state of Minnesota and because it will comply with the Minnesota Public Utilities Commission requirements for ETC certification, Citizens requests that the Commission grant the permanent waiver and include Citizens on the list of certified carriers it provides to the FCC and the USAC on or before October 1, 2010.

On June 3, 2010, the Commission electronically transmitted notice of the filing and the intervention deadline of June 17, 2010, to interested individuals and entities. No parties sought intervention.

The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254.

On August 10, 2010, at its regularly scheduled meeting, the Commission considered this matter. Commission Staff had no objection to granting a one year waiver and recommended granting certification. The Commission voted unanimously to grant a one year waiver pursuant to ARSD Section 20:10:32:56, finding that compliance with the certification requirements is unduly burdensome and unnecessary. The Commission also voted unanimously to approve Citizens' request for certification regarding the use of federal universal service support. The Commission found Citizens is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is therefore

ORDERED, that a one year waiver pursuant to ARSD Section 20:10:32:56 is hereby granted. It is further

ORDERED, that the Commission approves Citizens' Request for Certification Regarding Its Use of Federal Universal Service Support.

Dated at Pierre, South Dakota, this 25th day of August, 2010.
