<b>NO. 1 )</b>	<b>TC12-089</b>

On June 1, 2012, the Public Utilities Commission (Commission) received a filing from Knology of the Plains, Inc. (Knology) for approval of revisions to its South Dakota Access Services Tariff No. 1. The purpose of this filing is to implement the Federal Communications Commission's (FCC) intercarrier compensation reforms as set forth in its Connect America Fund Order (Order), released November 18, 2011.<sup>1</sup> As part of its Order, the FCC adopted "bill-and-keep as the default methodology" and "end state" for all intercarrier compensation traffic, including intrastate traffic. The FCC further adopted a defined "transition path" for moving to this end state. The first reduction mandated by the FCC's Order requires a carrier to reduce its intrastate terminating access rate, if above the carrier's interstate access rate, by 50 percent of the differential between the carrier's intrastate rate and the carrier's interstate access rate. The reduced rates are required to be effective by July 3, 2012.<sup>2</sup>

Knology requested approval of the following tariff pages:

On June 7, 2012, the Commission electronically transmitted notice of the filing and the intervention deadline of June 22, 2012, to interested individuals and entities. No parties filed to intervene.

At its regularly scheduled meeting of July 3, 2012, the Commission considered this matter. The Commission has jurisdiction over this matter pursuant to SDCL Chapter 49-31. Commission staff recommended approval of all requested tariff revisions. The Commission voted unanimously to approve the requested revisions to Knology's South Dakota Access Services Tariff No. 1. It is therefore
