OF THE STATE OF SOUTH DAKOTA**

IN THE MATTER OF THE REQUEST OF)	ORDER GRANTING
KNOLOGY COMMUNITY TELEPHONE, INC. FOR)	CERTIFICATION
CERTIFICATION REGARDING ITS USE OF)	
FEDERAL UNIVERSAL SERVICE SUPPORT)	TC14-032

On June 23, 2014, the Public Utilities Commission (Commission) received a filing from Knology Community Telephone, Inc. (Company) requesting certification regarding use of federal universal service support. The purpose of this filing was to provide information constituting the Company's plan for the use of federal universal service support and to otherwise verify that the Company will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. Pursuant to 47 C.F.R. § 54.314(a), in order for an eligible telecommunications carrier (ETC) to receive support pursuant to the Federal Communications Commission's (FCC's) high-cost program, a state must file an annual certification with the Universal Service Administrative Company (USAC) and the FCC stating that all federal high-cost support provided to the ETC "was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended." On July 21 and August 13, 2014, the Company responded to Staff's data requests. The map for the response to data request 2-5 was placed in the docket on August 14, 2014. This docket was originally before the Commission on September 2, 2014, and was deferred at that time.

On June 26, 2014, the Commission electronically transmitted notice of the filing and the intervention deadline of July 11, 2014, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of September 16, 2014, the Commission considered this matter. The Commission has jurisdiction over this matter pursuant to SDCL Chapter 49-31 and 47 U.S.C. § 254. The Company is in the process of selling its operations in South Dakota. Therefore, the Company stated that it was only requesting certification for 2013. The Commission unanimously voted to approve the Company's request for certification. The Commission finds that the Company is eligible to receive federal support. The Commission finds that all federal high-cost support provided to the Company was used in the preceding calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

It is therefore

ORDERED, that the Company is eligible to receive federal support as all federal high-cost support provided to the Company was used in the preceding calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is further

ORDERED, that the Commission approves the Company's request for certification.

Dated at Pierre, South Dakota, this 17th day of September, 2014.
