2. Customer shall agree to contract for service under this rate for a minimum of one year.
3. All costs applicable to the connection of service provided pursuant to this schedule, except meter, are the responsibilities of the customer requesting service. D
T
4. Unless otherwise specified by the Company, the point of delivery and the service voltage for this service shall be the same as for the customer's other electric service.
5. An "off-peak facility" is defined as electrical equipment installed to utilize electric energy which would otherwise be utilized during on-peak periods. The "off-peak facility" must carry out the concept of utilizing off-peak energy to avoid on-peak energy consumption utilized in performing a similar function. Dual installations (i.e. two pieces of equipment performing identical functions, one during on-peak periods and one during off-peak periods) do not qualify for this rate, unless one installation uses an alternate fuel source (i.e. oil, propane, wood, or natural gas).
