TARIFF FORMAT

- A. **Sheet Numbering** - Page numbers appear in the upper right corner of the sheet. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between existing pages with whole numbers, a decimal is added. For example, a new page added between pages 34 and 35 would be page 34.1.
- B. **Sheet Revision Numbering** - Revision numbers also appear in the upper right corner of the page. These numbers are used to determine the most current page version on file with the Commission. For example, 4th Revised Page 34 cancels the 3rd Revised Page 34. Consult the check sheet for the page currently in effect.
- C. **Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
 - 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. **Check Sheet** - When a tariff is filed with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the tariff pages, with a cross reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made. The tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the Commission.

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS

1.1. Definitions

Access Services - Originating or terminating intrastate switched access services provided by the Company to telecommunications carriers that access the Company's End-Users via the Company's local exchange network.

Call - A completed connection between the calling and called End-User parties.

Calling Station - The telephone number from which a Call originates.

Called Station - The telephone number called.

Carrier - An entity other than the Company that provides telecommunications services.

Carrier Customer - A Carrier that accesses the network of the Company to reach End-Users who are not telecommunications carriers, and that orders and subsequently receives intrastate switched access service from the Company. A Carrier that purchases exchange access service from the Company is responsible for the payment of charges and compliance with the Company's regulations and applicable law.

Commission - The South Dakota Public Utilities Commission

Company - NOS Communications, Inc., unless specifically stated otherwise.

Customer - End user. A person, firm, corporation, partnership, governmental agency or other entity, including affiliates or divisions of the Customer, which orders telecommunications service from the Company or Carrier Customer and in whose name the telephone number of the Calling Station is registered with the underlying local exchange company. The Customer is responsible for payment of charges to the Company and compliance with all terms and conditions of this tariff. Throughout this tariff, and any accompanying materials or future submissions with respect to this tariff, the term "Customer" shall apply to End-User-Customer(s), and/or Shared Customer(s), as appropriate, and as defined more fully herein.

Disconnect - To render inoperable or to disable circuitry thus preventing outgoing and incoming toll communications service.

End-User Customer - Any entity included within the definition of Customer above, in whose name the telephone number of the Calling Station is registered with the underlying local exchange Company.

SECTION 2 - RULES AND REGULATIONS

2.1. Undertaking of the Company

- 2.1.1. The Company provides switched access telecommunications services to Carrier Customers throughout the United States to enable such Customers to access the Company's local exchange End User Customers.
- 2.1.2. The Company installs, operates and maintains the telecommunications services provided herein in accordance with the terms and conditions set forth in this tariff. This tariff applies only to the extent that facilities are available. The access services provided herein are to be used by Carrier Customers for the purpose of originating or terminating intrastate communications.
- 2.1.3. The Company's services are provided on a monthly basis, unless otherwise stated in this tariff. Services are available twenty-four (24) hours per day, seven (7) days per week.

SECTION 2 - RULES AND REGULATIONS (Cont'd)

2.2. Limitations of Service

- 2.2.1. Service is offered subject to the availability of facilities and provisions of this tariff.
- 2.2.2. Service is furnished to the Carrier Customer for any lawful purpose. Service shall not be used for any unlawful purpose, nor used in such a manner as to interfere unreasonably with the use of service by any other Customer.
- 2.2.3. The use of the Company's services without payment for service or attempting to avoid payment for service by fraudulent means or devices, false or invalid numbers, or false calling or credit cards is prohibited.
- 2.2.4. The Company's services may be denied for nonpayment of charges or for other violations of the terms and conditions set forth in this tariff.
- 2.2.5. Service temporarily may be refused or limited because of system capacity limitations.
- 2.2.6. Service is subject to transmission limitations caused by natural (including atmospheric, geographic or topographic) or artificial conditions adversely affecting transmission.
- 2.2.7. Service to any or all Carrier Customers may be temporarily interrupted or curtailed due to equipment modifications, upgrades, relocations, repairs and similar activities necessary for proper or improved operations.
- 2.2.8. The Company reserves the right to discontinue furnishing service where the Carrier Customer is using the service in violation of the law or the provisions of this tariff.

SECTION 2 - RULES AND REGULATIONS (Cont'd)

2.3. Limitations of Liability

- 2.3.1. Because the Company has no control of communications content transmitted over its system, and because of the possibility of errors incident to the provision and use of its service, service furnished by the Company is subject to the terms, conditions and limitations herein specified.
- 2.3.2. The Company is not liable to Carrier Customers for interruptions in service except as set forth in SDCL 49-13-1, 49-13-1.1 and any other applicable law.
- 2.3.3. The liability of the Company for errors in billing that result in overpayment by the Carrier Customer shall be limited, unless otherwise ordered by the Commission, to a credit equal to the dollar amount erroneously billed or, in the event that payment has been made and service has been discontinued, to a refund of the amount erroneously billed.
- 2.3.4. Except in instances of negligence or willful misconduct, the Company shall not be liable for and the Carrier Customer shall indemnify and hold the Company harmless against any claims for loss or damages involving:
 - 2.3.4.A. Any act or omission of: (i) the Carrier Customer; or (ii) any other entity furnishing service, equipment or facilities for use in conjunction with services or facilities provided by the Company;
 - 2.3.4.B. Interruptions or delays in transmission, or errors or defects in transmission, or failure to transmit when caused by or as a result of acts of God, fire, war, riots, government authorities or causes beyond the Company's control;
 - 2.3.4.C. Any unlawful or unauthorized use of the Company's facilities and services;
 - 2.3.4.D. Libel, slander or infringement of copyright arising directly or indirectly from content transmitted over facilities provided by the Company;
 - 2.3.4.E. Infringement of patents arising from combining apparatus and systems of the User with facilities provided by the Company;
 - 2.3.4.F. Claims arising out of any act or omission of the User in connection with service provided by the Company.

2.3.4 (Cont'd)

2.3.4.G. Breach in the privacy or security of communications transmitted over the Company's facilities;

2.3.4.H. Changes in any of the facilities, operations or procedures of the Company that: (1) render any equipment, facilities or services provided or utilized by the Carrier Customer obsolete; (2) require modification or alteration of such equipment, facilities or services; or (3) otherwise affect use or performance of such equipment, facilities or services except where reasonable notice is required by the Company and is not provided to the Carrier Customer.

2.3.4.I. Defacement of or damage to the Carrier Customer's Premises or property resulting from the furnishing of services or equipment to such Premises or the installation or removal thereof.

2.3.4.J. Any wrongful act of a Company employee where such act is not authorized by the Company and is not within the scope of the employee's responsibilities for the Company;

2.3.4.K. Any noncompleted Calls due to network busy conditions; and

2.3.4.L. Any Calls not actually attempted to be completed during any period that service is unavailable.

2.3.5. Reserved for future use.

2.3.6. The Company assumes no responsibility for the availability or performance of any facilities under the control of other entities that are used to provide service to the Carrier Customer.

SECTION 2 - RULES AND REGULATIONS (Cont'd)

2.3. Limitations of Liability (Cont'd)

2.3.10. Indemnification for Carrier Customer Cancellation of Service

2.3.10.A. Where a Carrier Customer has chosen not to accept access from the Company, thereby canceling its service arrangements with the Company, the Company shall continue to provide service to those End-User Customers who were formerly Shared Customers, so long as such End-User-Customers choose to remain Customers of the Company, and cancel their intrastate interexchange service arrangements with the Carrier Customer.

2.3.10.B. Where a Carrier Customer has chosen not to accept access from the Company, thereby canceling its service arrangements with the Company, and the End-User Customer who was formerly a Shared Customer chooses to maintain its interexchange service arrangements with the canceling Carrier Customer, the Company may terminate its service to the End-User Customer, upon thirty (30) days' notice to the End-User Customer. Under such circumstance, the Company bears no liability to the End-User Customer as a result of such termination of service, even where such termination occurs prior to the end of the term specified in the End-User Customer's Service Contract, and the End-User Customer agrees to hold harmless the Company from any liability for any harm or consequences resulting therefrom.

SECTION 2 - RULES AND REGULATIONS (Cont'd)

2.4. Responsibilities of the Carrier Customer

- 2.4.1. The Carrier Customer is responsible for placing any necessary orders and complying with the tariff regulations set forth herein. The Carrier Customer shall ensure compliance with any applicable laws, regulations, orders or other requirements of any governmental entity relating to services provided by the Company to the Carrier Customer or made available by the Carrier Customer to an End User. The Carrier Customer also is responsible for the payment of charges for all access service purchased from the Company.
- 2.4.2. The Carrier Customer is responsible for charges incurred for special facilities which the Carrier Customer requests and which are ordered by the Company on the Carrier Customer's behalf.
- 2.4.3. If required for the provisioning of the Company's services, the Carrier Customer must provide the Company, free of charge, with any necessary equipment space, supporting structure, conduit and electrical power.
- 2.4.4. The Customer is responsible for arranging access to its Premises at times mutually agreeable to the Company and the Customer when required for Company personnel to install, repair, maintain, program, inspect or remove equipment associated with the provision of the Company's services.

SECTION 2 - RULES AND REGULATIONS (Cont'd)

2.4. Responsibilities of the Customer (Cont'd)

2.4.5. The Carrier Customer agrees, except where the events, incidents or eventualities set forth in this sentence are the result of the Company's gross negligence or willful misconduct, to release, indemnify and hold harmless the Company against any and all loss, claims, demands, suits or other action or any liability whatsoever, whether suffered, made, instituted or asserted by the Carrier Customer or by any other party or person, for any personal injury to or death of any person or persons, or for any loss of or damage to any property, whether owned by the Carrier Customer or others. The Carrier Customer shall reimburse the Company for all costs, expenses and fees (including reasonable attorneys' fees and costs) incurred by the Company in its defense against such actions.

SECTION 2 - RULES AND REGULATIONS (Cont'd)

2.5. Allowances for Interruptions in Service

2.5.1. General

- 2.5.1.A. A service is interrupted when it becomes unusable to the User, *e.g.*, the User is unable to transmit or receive communications due to the failure of a component furnished by the Company under this tariff.
- 2.5.1.B. An interruption period begins when the Carrier Customer reports the service to be inoperative and releases it for testing and repair. An interruption period ends when the service is operative.
- 2.5.1.C. If the Carrier Customer reports a service to be inoperative but declines to release it for testing and repair, the service, facility or circuit is considered to be impaired but not interrupted. No credit allowances will be made for a service considered by the Company to be impaired.
- 2.5.1.D. The Company will make every reasonable effort to prevent interruptions of service and shall work to clear 85% of all out-of-service troubles within twenty-four (24) hours of the time the report is received by the Company, unless the Carrier Customer specifically requests a later date.
- 2.5.1.E. The Company's service objective is to maintain service so that the average rate of Carrier Customer trouble reports in a local exchange does not exceed eight (8) reports per one hundred (100) access lines per month.

SECTION 2 - RULES AND REGULATIONS (Cont'd)

2.5. Allowances for Interruptions in Service (Cont'd)

2.5.2. Application of Credits for Interrupted Services

2.5.2.A. At the Customer's request, when a Carrier Customer's access to the Company's network is unavailable and remains unavailable a period of six (6) hours or more, after being found or reported to the Company, the Company shall refund to the Carrier Customer an amount to be determined by the Company on a case-by-case basis, and dependent upon the length of the interruption period. In no event shall such a refund exceed an amount equivalent to the proportionate charge to the Carrier Customer for the period of service during which the event that gave rise to the claim for a credit occurred.

2.5.2.B. Any such interruption will be measured from the time it is reported to or detected by the Company, whichever occurs first.

2.5.2.C. In the event the Carrier Customer is affected by such interruption for a period of less than six (6) hours, no adjustment will be made. No adjustments will be earned by accumulating non-continuous periods of interruption.

<u>Length of Interruption</u>	<u>Interruption Period to be Credited</u>
Less than 6 hours	None
6 hours up to but not including 9 hrs	2/5 Day

SECTION 2 - RULES AND REGULATIONS (Cont'd)

2.5. Allowances for Interruptions in Service (Cont'd)

2.5.1. Applications of Credits for Interrupted Services (Cont'd)

2.5.2.D. When an interruption exceeds twenty-four (24) hours, the length of the interruption will be measured in twenty-four (24) hour days. A fraction of a day consisting of less than twelve (12) hours will not be credited and a period of twelve (12) hours or more will be considered an additional day.

2.5.3. Limitations on Allowances

2.5.3.A. No credit allowance will be made for any interruption of service:

2.5.3.A.1. due to the negligence of, or noncompliance with the provisions of this tariff by any person or entity other than the Company, including but not limited to the Carrier Customer or other entities or carriers connected to the service of the Company;

2.5.3.A.2. due to the failure of power, equipment, systems or services not provided by the Company;

2.5.3.A.3. due to circumstances or causes beyond the control of the Company;

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.5. Allowances for Interruptions in Service (Cont'd)****2.5.3. Limitations on Allowances (Cont'd)**

- 2.5.3.A.4. during any period in which the Company is not given full and free access to its facilities and equipment for the purpose of investigating and correcting the interruption;
- 2.5.3.A.5. during any period in which the Carrier Customer continues to use the service on an impaired basis;
- 2.5.3.A.6. during any period in which the Carrier Customer has released service to the Company for maintenance purposes or for implementation of a Carrier Customer order for a change in service arrangements; and
- 2.5.3.A.7. that was not reported to the Company within thirty (30) days of the date that service was affected.

2.6. Applications for Service

The Company will accept both affirmative orders and constructive orders for Carrier-Customer access services. The Company does not require a written service order for the initiation of switched access services to Carrier-Customers.

2.6.1. Service Orders

The signing of a Service Order by the Carrier Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date. Should a Carrier Customer use the Company's access service without an executed Service Order, the Company may, at its option, request that the Carrier-Customer submit a Service Order. The Company may accept the Service Order either by submitting Billing Name and Address ("BNA") information to the Carrier Customer at the request of the Carrier Customer or by the Carrier Customer accepting PIC requests by End-User-Customers that request the Carrier Customer as their PIC.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.6. Applications for Service (Cont'd)****2.6.2. Affirmative Service Order**

A Carrier-Customer may affirmatively request the Company's switched access services either by placing a written request for the Company's service, by sending traffic to and/or accepting traffic from Company End-User-Customers and then submitting BNA requests to the Company, or by allowing Company End-User-Customers to choose the Carrier-Customer as their PIC and once processed, allowing Company End-User-Customers to utilize the Carrier-Customer as their primary IXC.

2.6.3. Constructive Service Order

Alternatively, a Carrier Customer may constructively order the Company's services if it, without any explicit written request for service from the Company, avails itself of the Company's local exchange network. If a Carrier Customer solicits Company End-User-Customers and Company End-User-Customers choose to access the Carrier Customer's network through the Company's local exchange network, the Carrier-Customer has constructively ordered Company's originating and/or terminating switched access services.

2.7. Installation of Service

All installation is subject to the availability of services and facilities purchased from other Carriers for the provision of service to a Carrier Customer, as well as to the full compliance by the Carrier Customer with all pertinent tariff requirements.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.8. Termination of Access Service****2.8.1. Carrier Customer Termination of Service****2.8.1.A. General**

The Carrier Customer may terminate access and access-related service with the Company only through adherence to the procedures set forth herein. Requests for termination may not be unreasonably discriminatory and must otherwise comply with requirements of the Communications Act of 1934, as amended, and with all other applicable laws, policies and regulations.

In deference to the unique nature of the relationship between the Company and the Carrier Customer, and in acknowledgement of the legitimate interests that the Company has with respect to Shared Customers, strict adherence by the Carrier Customer to the Access Service Termination Procedures contained herein is mandatory. Failure on the part of the Carrier Customer to follow these procedures, or deviation from such procedures, may be construed by the Company, at its sole option, as part of on-going negotiations between the Company and the Carrier Customer, and not as a final position by the Carrier Customer. The Carrier Customer shall compensate the Company for any and all traffic exchanged during any on-going negotiations, or until such time as the Carrier Customer cancels its service arrangements in full accordance with the Access Service Termination procedures set forth herein.

2.8.1.B. Term of Service

At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month-to-month basis at the then-tariffed rates for switched access service, unless terminated by either party upon thirty (30) days' written notice to the other party, or in accordance with the timeframes set forth in Sections 2.8.2.A., 2.9.2.A, and 2.9.3.A, whichever is applicable.

Service will continue to be provided to the Carrier Customer until terminated by the Carrier Customer or the Company in accordance with this Section.

2.8.2. Company Termination of Service

2.8.2.A. The Company may terminate service for any of the following reasons, by giving the Carrier Customer at least thirty (30) business days' written notice via first class mail:

- 2.8.2.A.1. For non-compliance with the Company's tariffed rules or Commission regulations after the Company has made a reasonable effort to obtain Carrier Customer compliance;
- 2.8.2.A.2. For the Carrier Customer's refusal to provide the Company with reasonable access to its equipment and property;
- 2.8.2.A.3. For Carrier Customer non-compliance with state, local or other codes;
- 2.8.2.A.4. For nonpayment of bills when due and after the Company has provided the Carrier Customer with a termination notice mailed at least thirty (30) business days before termination.

In the event that the Company is compelled to terminate access service to a Carrier Customer for any of the forgoing reasons, the Carrier Customer must notify the Shared Customer of such termination using the script language set forth in Section 2.8.1.C.

SECTION 2 - RULES AND REGULATIONS (Cont'd)

2.8. Termination of Access Service (Cont'd)

2.8.2. Company Termination of Service (Cont'd)

The Company may terminate (or suspend) service *without notice* for any of the following reasons:

2.8.2.B. In the event of a condition determined to be hazardous to the Company's equipment, to the public, or to employees of the utility ("dangerous conditions");

2.8.2.C. In the event of the Carrier Customer's illegal use of equipment or service provided by the Company;

2.8.2.D. In the event that any actions of the Carrier Customer create harm or potential harm to the Company's network.

Where the Company terminates or suspends service for any of the above-referenced reasons, the Carrier Customer shall be liable for all related costs as well as any reconnection charges.

2.8.3. The Carrier Customer is responsible for all charges incurred as a result of availing itself of the Company's access services, regardless of which Party (the Carrier Customer or the Company) terminates the service. The Carrier Customer shall reimburse the Company for all costs, expenses and fees (including reasonable attorneys' fees and costs) incurred by the Company in collecting such charges.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.9. Blocking of Access Traffic**

When a Carrier Customer terminates its access arrangements with the Company, it is mandatory that the Carrier Customer ensure that all End-User traffic – both originating and terminating – between the Carrier Customer and the Company is blocked. The Carrier Customer shall have the option of blocking the traffic itself, or arranging for the Company to block the traffic and paying all charges and related costs to compensate the Company for blocking the traffic. Where the Carrier Customer elects to block the access traffic itself, the Carrier Customer will have full responsibility to compensate the Company, at the Company's then-currently tariff rates, for any End User traffic allowed to pass along the discontinued access service route.

Where a Carrier Customer terminates its access arrangements with the Company, and the End User is a Shared Customer, the Carrier Customer also must adhere to the following requirements:

2.9.1. Script Recordings

The Carrier Customer must record a script to inform the Shared Customer that its interexchange service has been blocked at the request of the Carrier Customer. All recorded scripts must be submitted to the Company for prior approval. The script recording must state the following and there can be no deviation from or additions to this script:

“Your access to [Carrier Customer's] long distance services has been blocked by your long distance provider, [Carrier Customer], and not by your local service provider, NOS Communications, Inc. Because [Carrier Customer] has chosen to block your access to its long distance services, you may no longer dial 1+ to use [Carrier Customer's] long distance service. Instead, you must now either dial an access code to reach a long distance service provider of your choice to handle your long distance calls, or contact another long distance service provider of your choice to handle your long distance calling needs on a 1+ basis. For more information, please contact [Carrier Customer's] customer service representatives at [Carrier Customer's toll-free number].”

2.9. Blocking of Access Traffic (Cont'd)

2.9.1. Script Recordings (Cont'd)

In the script recording, the Carrier Customer in no way may slander the Company or use any language intended to incur bad will between the Shared Customer and the Company. The Carrier Customer may not use the script recording to encourage the Shared Customer to terminate its service with the Company. The script recording may not be used by the Carrier Customer as an opportunity to market its services. In the event that it is determined that the Carrier Customer has done so, it shall be subject to the imposition of both actual and punitive damages.

2.9. Blocking of Access Traffic (Cont'd)

2.9.2. Notification Requirements

2.9.2.A. Carrier Customer Blocking

Where the Carrier Customer elects to block the access traffic from the Shared Customer itself, it must provide the Company with written notice of such intent at least thirty (30) days prior to the blocking of such traffic.

The following information must be included in any such notice submitted to the Company:

- 2.9.2.A.1. Carrier Customer name and address(es);
- 2.9.2.A.2. Carrier Customer contact name(s) and telephone number(s);
- 2.9.2.A.3. A clear indication of each type of access service that Carrier Customer intends to cancel. In the event of that the Company is uncertain as to the type(s) of Access Service requested to be discontinued by the Carrier Customer, the Company shall continue to provide the Access Service, and the Carrier Customer shall continue to pay any resulting charges at the Company's then-tariffed rate for such continued service, until the Carrier Customer clarifies unequivocally and in a manner deemed satisfactory to the Company the precise type(s) of Access Service that it seeks to have discontinued;
- 2.9.2.A.4. A complete listing of all access lines and End-User Customers that will be affected by the service cancellation.

2.9. Blocking of Access Traffic (Cont'd)

2.9.2 Notification Requirements (Cont'd)

2.9.2.B. Company Blocking

Where the Carrier Customer chooses to have the Company block access traffic to the Carrier Customer, the Carrier Customer must provide to the Company written notice of such intent at least one hundred-twenty (120) days prior to the blocking of such traffic. In addition to the information provided in Section 2.9.2.A., such notice must also include the following information:

2.9.2.B.1. All relevant Billing Name and Address ("BNA") information;

2.9.2.B.2. All relevant Automatic Number Identification ("ANI") information;

2.9.2.B.3. General Call Record Detail

2.9.2.B.4. A statement unequivocally authorizing the Company to prohibit an End-User-Customer from selecting the Carrier Customer as their Presubscribed Interexchange Carrier ("PIC"), and absolving both the Company and the End-User Customer from any relating liability to the Carrier Customer.

Additionally, the Carrier Customer must certify to the Company, in writing, that any such blocking is consistent with the Carrier Customer's tariff, the Communications Act, the rules and policies of the FCC and the Commission, and any relevant contractual obligations that exist between the Carrier Customer and the Shared Customer.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.10. Effect on Interexchange Carrier Presubscription**

Where the Carrier Customer affirmatively has terminated its access service arrangements with the Company, and has blocked or arranged for the Company to block the Shared Customer from its interexchange service, the Company will place the Shared Customer in a "NO-PIC" status for all intrastate toll dialing until such time as the Shared Customer or a submitting carrier informs the Company of the End-User Customer's new PIC.

The Carrier Customer will be responsible for any PIC change charge assessed on the End-User Customer by the Company or another Carrier.

2.11. Payment of Charges

2.11.1. The Carrier Customer is responsible for the payment of all charges for access service furnished to it by the Company.

2.11.2. The Carrier Customer terminating its access arrangements with the Company is responsible for compensating the Company for all costs of blocking (where blocking is requested by the Carrier Customer), the PIC change charge, if any, incurred by the Company as a result of the Carrier Customer's termination of service to that Shared Customer, and any all additional costs associated with this process.

2.11.3. The Company reserves the right to assess late payment charges for Carrier Customers whose account(s) carries principal owing from the prior billing period. Any charges not paid in full by the due date indicated on the billing statement may be subject to a late fee of 1.5% per month.

2.11.4. Recurring monthly charges may be invoiced one month in advance. Invoicing cycles are approximately thirty (30) days in length.

2.11.5. Carrier Customers must notify the Company either verbally, in person, or in writing of any disputed charges within thirty (30) days of the billing date, otherwise all charges on the invoice will be deemed accepted. All charges remain due and payable at the due date, although a Carrier Customer is not required to pay disputed charges while the Company conducts its investigation into the matter.

SECTION 2 - RULES AND REGULATIONS (Cont'd)

2.12. Contested Charges

All bills are presumed accurate, and shall be binding on the Carrier Customer unless objection is received by the Company no more than thirty (30) days after such bills are rendered. In the event that a billing dispute between the Carrier Customer and the Company for service furnished to the Customer cannot be settled with mutual satisfaction, the Carrier Customer may contact the Company in person, by telephone or in writing, and take the following course of action:

2.12.1. First, the Carrier Customer may request, and the Company will provide, an in-depth review of the disputed amount. (The undisputed portion and subsequent bills must be paid on a timely basis or the service may be subject to disconnection.)

2.12.2. Second, if there is still a disagreement about the disputed amount after investigation and review by the Company, the Carrier Customer may file an appropriate complaint with the South Dakota Public Utilities Commission in accordance with Commission procedure. The address of the Commission is:

South Dakota Public Utilities Commission
Capitol Building, 1st Floor
500 East Capitol Avenue
Pierre, South Dakota 57501-5070
Phone: (605) 773-3201
Complaints: (800) 332-1782

2.13. Taxes

State and local sales, use and similar taxes are billed as separate items and are not included in the quoted rates for service.

SECTION 3 - DESCRIPTION OF SERVICE**3.1. Timing of Calls**

- 3.1.1. The Carrier Customer's monthly usage charges for the Company's switched access service are based upon the total number of minutes the Carrier Customer uses.
- 3.1.2. Carrier Customer traffic to the Company's end offices will be measured (*i.e.* recorded or assumed) by the Company at end office switches or access tandem switches. Originating and terminating Calls will be measured (*i.e.* recorded or assumed) by the Company to determine the basis for computing chargeable access minutes. In the event that End-User Customer message detail is unavailable because the Company has lost or damaged tapes or experienced recording system outages, the Company will estimate the volume of lost Carrier Customer access minutes of use based upon previously-known values.
- 3.1.3. For originating Calls over Feature Group D ("FGD"), usage measurement/chargeable time begins when the originating FGD switch receives the first wink supervisory signal forwarded from the Customer's point of origination. The measurement of originating Call usage ends when the originating FGD switch receives disconnect supervision from either the originating End-User's end office, indicating the originating End-User has disconnected, or the Carrier Customer's point of termination, whichever is first recognized by the switch.
- 3.1.4. For terminating Calls over FGD, the measurement of access minutes begins when the terminating FGD switch receives answer supervision from the terminating End User's end office, indicating that the terminating End User has answered. For terminating Calls over FGD, the measured minutes are chargeable access minutes. Where assumed minutes are used, the assumed minutes are the chargeable access minutes. The measurement of terminating Call usage over FGD ends when the terminating FGD switch receives disconnect supervision from either the terminating End-User's end office, indicating the terminating End-User has disconnected, or the Customer's point of termination, whichever is recognized first by the switch.
- 3.1.5. For billing purposes, FGD access minutes or fractions thereof (the exact value of the fraction being a function of the switch technology where the measurement is made), are accumulated over the billing period for each end office and then are rounded up to the nearest access minute for each end office and billed in increments of one (1) minute.

SECTION 3 - DESCRIPTION OF SERVICE (Cont'd)

3.2. Service Commencement Date

The date on which a Carrier Customer first sends or receives traffic from the Company's End User Customer or the date specified on the Service Order, whichever occurs first and whichever is applicable.

3.3. Service Cancellation Date

The date on which a Carrier Customer notifies the Company, in writing, of its intention to terminate its access arrangements with the Company, or the date on which the Company notifies the Carrier Customer, in writing, of its intention to terminate access service to the Carrier Customer. Such dates must conform to the effective dates for cancellation of service or notification of the Carrier Customer's intention to block or have the Company's access traffic blocked, as set forth in Sections 2.9.2.A., 2.9.3.A. and 2.8.2.A.

In the event that the Company terminates service *without notice* for the reasons set forth in Section 2.8.2.B., the Service Cancellation Date shall be the date that the Company terminates service with the Carrier Customer.

SECTION 3 - DESCRIPTION OF SERVICE (Cont'd)**3.4. Switched Access Service****3.4.1. General**

Switched Access Service, which is available to Customer for their use in furnishing their services to end users, provides a two-point communications path between a Customer's Premise and an End User's Premise. It provides for the use of common terminating, switching and transport facilities. Switched Access Service provides the ability to originate calls from an End User's Premises to a Customer's Premises, and to terminate calls from a Customer's Premises to an End User's Premises.

Switched Access Service is available when originating or terminating calls from or to an End User who subscribes to the Company's Local Exchange Services.

Rates and charges are set forth in Section 4. The application of rates for Switched Access Service is described in Section 4.

3.4.2. Provision and Description of Switched Access Service Arrangements**3.4.2.A. Feature Group Access**

FG Access is provisioned at the DS-1 level and provides trunk-side access to Local Switching Center switches, for the Customer's use in originating and terminating communications. Basic FG Access service will be provided with Multi-Frequency In-Band Signaling (SS7 is also available, where capabilities exist).

All traffic is routed to and from the Company's local switching center via the Customer's tandem provider or via end office trunking, where available. Delivery of calls to, or acceptance of calls from, the Company's End User locations over Company-switched local exchange services shall constitute an agreement by the Customer to purchase switched access services as described herein. The Company reserves the right to require the Customer to submit an ASR for switched access.

3.4.2.B. Manner of Provision

Trunks used for Switched Access Service may be configured for one-way (either originating or terminating only) or for two-way directionality.

SECTION 3 - DESCRIPTION OF SERVICE (Cont'd)**3.4. Access Service Offerings** (Cont'd)**3.4.2. Provision and Description of Switched Access Service Arrangements** (Cont'd)**3.4.2.C. Call Types**

The following Switched Access Service call types are available:

1. Originating FG Access
2. Originating 800 FG Access
3. Terminating FG Access

3.4.2.D. Originating FG Access

The access code for FG Access switching is a uniform access code of the form 1+ or 011+ or 101XXXX. For 101XXXX dialing a single access code will be the assigned number of all FG Access provided to the Customer by the Company. When the access code is used, FG Access switching also provides for dialing the digit 0 for access to the Customer's operator service, 911 for access to emergency service, and/or the end of dialing digit (#) for cut-through access to the Customer's premises. The company will provide originating FG access consistent with dialing parity obligations.

3.4.2.E. Originating 800 FG Access

800 Data Base Access service is a service offering which utilizes originating Trunk side Switched Access Service. When an 8XX + NXX + XXXX call is originated by an End User, the Company will perform Customer identification based on screening the full ten digits of the 8XX number to determine the Customer location to which the call is to be routed.

3.4.2.F. Terminating FG Access

FG Access, when used in the terminating direction, may only be used to access end users who subscribe to the Company's Local Exchange Services. Calls in the terminating direction will not be completed to 950-0XXX or 950-1XXX access codes, local operator assistance (0- and 0+), Directory Assistance (411 or 555-1212) services, codes 611 and 911 and 101XXXX access codes.

SECTION 3 - DESCRIPTION OF SERVICE (Cont'd)

3.7. Miscellaneous Services

3.7.1. Access Order Change

An Access Order Change is a change in the Carrier Customer's service requested subsequent to installation.

3.7.2. Bad Check Charge

If payment for Service is made by a check, draft, or similar instrument (collectively "Check") that is returned to the Company unpaid by a bank or another financial institution for any reason, the Company may bill the Carrier Customer a returned check charge. In addition, the Customer may be required to replace the returned Check with a payment in cash or equivalent to cash, such as a cashier's check, certified check or money order.

3.7.3. Reconnection

Reconnection charges occur where access service to an existing Carrier Customer has been discontinued for proper cause, and the Carrier Customer desires to resume service with the Company. If service has been discontinued for proper cause and where a Customer desires reconnection, the Carrier Customer will be charged a fee to defray the cost of restoring service to the Customer.

3.7.4. Late Payment Fee

A late payment fee of 1.5% will be applied to service charges not paid by the due date of the bill. The late payment fee will not be applied to previous late payment charges that have been assessed but remain unpaid, but will apply to the accumulated amount for which the Carrier Customer is in arrears. This late fee may be assessed only once per bill for services rendered.

SECTION 4 - RATES AND CHARGES

4.1. Switched Access Service

4.1.1. General

This section contains the specific regulations governing the rates and charges that apply for Switched Access Services.

There are three types of rates and charges that apply to Switched Access Service:

- **Non-Recurring Charges:** One-time charges that apply for a specific work activity.
- **Recurring Charges:** Fixed charges apply each month and depend on the number and types of facilities in place.
- **Usage Charges:** Charges that are applied on a per access minute basis. Usage rates are accumulated over a monthly period.

4.1.2. Rate Categories

4.1.2.A. There are several rate categories which apply to Switched Access Service:

- Blended Carrier Switched Access Originating
- Blended Carrier Switched Access Terminating
- Toll-Free 8XX Data Base Access Service

4.1.2.B. The Company provides originating and terminating service through a single blended rate based on aggregate traffic volumes from the following cost categories.

4.1.2.B.1. Common Line – The Common Line cost category establishes the charges related to the use of Company-provided end user common lines by Customers and End Users for interstate access.

SECTION 4 – RATES AND CHARGES (Cont'd)

4.1 Switched Access Service (Cont'd)

- 4.1.2.B.2. Switched Transport – The Switched Transport cost category establishes the charges related to the transmission and tandem switching facilities between the Customer designated premises and the end office switch(es) where the Customer’s traffic is switched to originate or terminate the Customer’s communications.
- 4.1.2.B.3. End Office Switching – The End Office Switching cost category establishes the charges related to the use of end office switching equipment, the terminations in the end office of end user lines, the termination of calls at Company Intercept Operators or recording, the Signaling Transfer Point (“STP”) costs, and the SS7 signaling function between the end office and the STP.
- 4.1.2.B.4. Toll-Free 8XX Data Base Query – Toll-Free 8XX Data Base Query Charge, will apply for each Toll-Free 8XX call query received at the Company’s (or its provider’s) Toll-Free 8XX data base.
- 4.1.2.B.5. Optional Features – Other optional features may be available on an Individual Case (“ICB”) Basis.

4.1.3. Billing of Access Minutes

When recording originating calls over FG Access with multi-frequency address signaling, usage measurement begins when the first wink supervisory signal is forwarded from the Customer’s facilities. The measurement of originating call usage over FG Access ends when the originating FG Access entry switch receives disconnect supervision from either the originating End User’s Local Switching Center (indicating that the originating End User had disconnected), or the Customer’s facilities, whichever is recognized first by the entry switch.

For terminating calls over FG Access with multi-frequency address signaling, the measurement of access minutes begins when a seizure signal is received from the Carrier’s trunk group at the Point of Presence within the LATA. The measurement of terminating call usage over FG Access ends when a disconnect signal is received, indicating that either the originating or terminating user has disconnected.

SECTION 4 – RATES AND CHARGES (Cont'd)

4.1 Switched Access Service (Cont'd)

4.1.3 Billing of Access Minutes (Cont'd)

When recording originating calls over FG Access with SS7 signaling, usage measurement begins with the transmission of the initial address message by the switch for direct trunk groups and with the receipt of an exit message by the switch for tandem trunk groups. The measurement of originating FG Access usage ends when the entry switch receives or sends a release message, whichever occurs first.

For terminating calls over FG Access with SS7 signaling, the measurement of access minutes begins when the terminating recording switch receives the initial address message from the terminating End User. On directly routed trunk groups, the Company switch receives the initial address message and sends the indication to the Customer in the form of an answer message. The measurement for terminating FG Access call usage ends when the entry switch receives or sends a release message, whichever occurs first.

SECTION 5 - LOCAL AND OEAS TRAFFIC EXCHANGE AND TERMINATION

5.1. General

This section establishes the methodology for the exchange and termination of local and OEAS traffic for carriers that do not have an interconnection agreement with the Company.

5.2. Ordering Conditions

The Customer may order local and OEAS traffic exchange and termination through a Constructive Order, as defined herein, or through an ASR. The formal and terms of the ASR will be specified in the Industry Access Service Order Guidelines, unless otherwise specified herein.

5.3. Local and OEAS Traffic Compensation

Local and OEAS traffic exchange will be conducted under a Bill and Keep arrangement. All local traffic will be exchange under a Meet Point Billing Arrangement which utilizes Category 92 summary usage record exchange, unless and until either the Commission or FCC requires an alternative approach for the exchange of usage information for such traffic for use by all industry participants pursuant to which the Company and the Terminating Carriers shall recover the costs of transporting and terminating such traffic on their networks from other parties in accordance with the then applicable regulations, including to the extent practicable, any Internet Service Provider access charge exemption. This provision does not apply to access traffic, transit traffic, or wireless traffic.
